**Now** is the time.

*[This revival began 65 years ago, when the State of Israel – a nation that ceased to exist 2,000 years earlier – was reborn in a day. Since then, the Jewish people have been turning by thousands to recognize Yeshua as their long-awaited Messiah. They've staked all on Ro 11.]*

*As foretold, these Jewish believers are growing in number. Yeshua Himself, prayed that these Jewish believers would be unified with the vast numbers of Gentile believers, resulting in the world recognizing that He was truly sent by God.*

*One Message is called to inspire and motivate the Body of Messiah to come together in unity in fulfillment of Yeshua's prayer in John 17. When this happens, we believe the greatest revival the world has ever experienced will take place, preparing the way for the return of Yeshua, the Messiah.]*

"Now let's make two things clear: ISIL is not 'Islamic.' No religion condones the killing of innocents. And the vast majority of ISIL's victims have been Muslim," President Barack Obama said. "ISIL is a terrorist organization, pure and simple. And it has no vision other than the slaughter of all who stand in its way."

Not so.

*[There are moderate, Sufi, Khilil Gibran type Muslims, but that's not the mainstream.*

“In nearly all cases, the jihadi terrorists have a patently self-evident ambition: to establish a world dominated by Muslims, Islam, and Islamic law, the Shari'a. Or, again to cite the *Daily Telegraph*, their ‘real project is the extension of the Islamic territory across the globe, and the establishment of a worldwide 'caliphate' founded on Shari'a law.’

Terrorists openly declare this goal. The Islamists who assassinated Anwar el-Sadat in 1981 decorated their holding cages with banners proclaiming the ‘caliphate or death’. A biography of one of the most influential Islamist thinkers of recent times and an influence on Osama bin Laden, Abdullah Azzam declares that his life ‘revolved around a single goal, namely the establishment of Allah's Rule on earth’ and restoring the caliphate.”

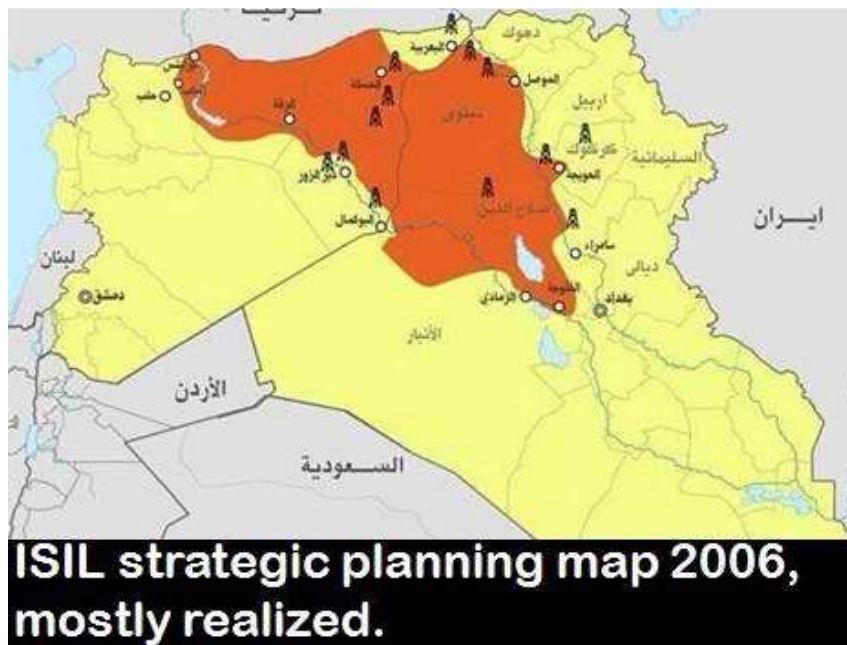

*[<http://www.danielpipes.org/2798/what-do-the-terrorists-want-a-caliphate>]*

Caliphate, the political-religious state comprising the Muslim community and the lands and peoples under its dominion in the centuries following the death (632 CE) of the Prophet Muhammad.

Ruled by caliph (Arabic *khalfah*, “successor”), who held temporal and sometimes a degree of spiritual authority, the empire of the Caliphate grew rapidly through conquest during its first two centuries to include most of Southwest Asia, North Africa, and Spain. Dynastic struggles later brought about the Caliphate’s decline, and it ceased to exist with the Mongol destruction of Baghdad in 1258.

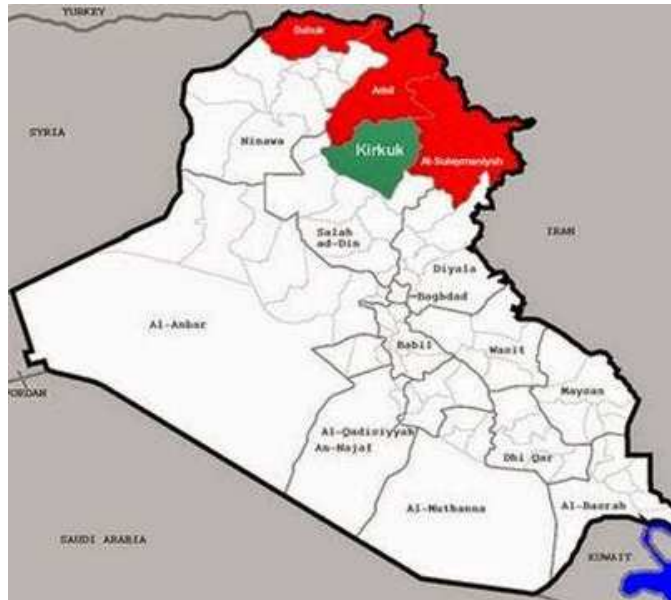

*[I had said three main caliphates. Much more complex. Last major one Ottoman empire, ending with Mustafa Kamal after WW I.]*

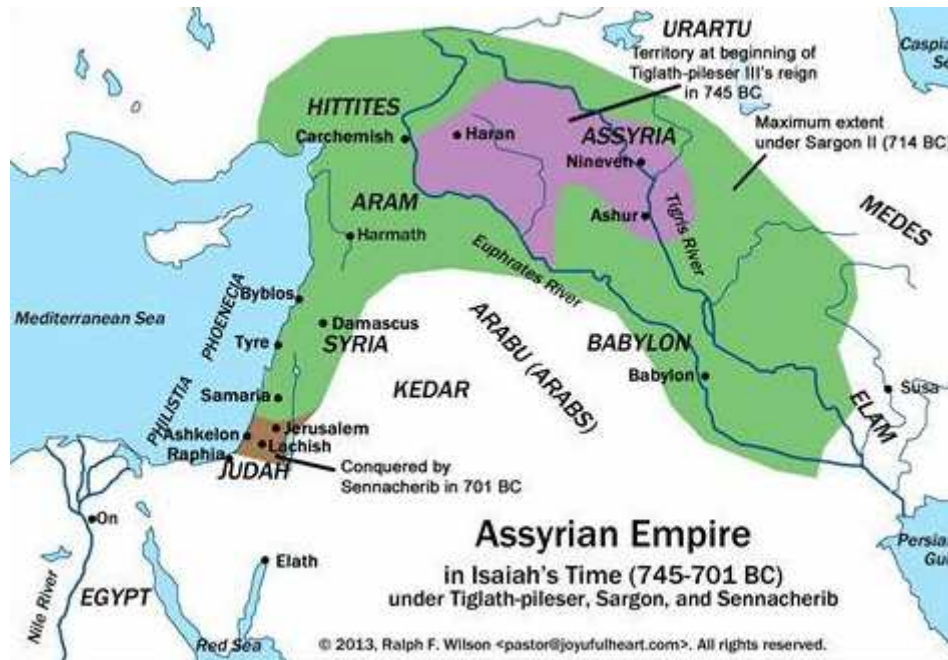

The U.S. will confront the ISIL caliphate

- We will apparently ignore the greater danger of a nuclear Iran and the Shiite caliphate.
- We will strengthen the Kurds, the successor to Assyria.
- G-d will nevertheless control history, fulfilling prophecy: Yeshayahu/Is 19

*[I don't believe in most of the conspiracy theories: CFR, Illuminati, Rothschilds, British, Roman Catholic, Communist. But I do believe that HaSatan has a conspiracy, brilliantly orchestrated. Shias have a different theology. Don't need world conquest, just world chaos and return of the Mahdi, the 12<sup>th</sup> Imam. Hence Iran's race to nuclear weapons. Chaos. Iran same root as Aryan. Rest of message is some of what I think G-d is doing in all this. Consider the Kurdish people.]*

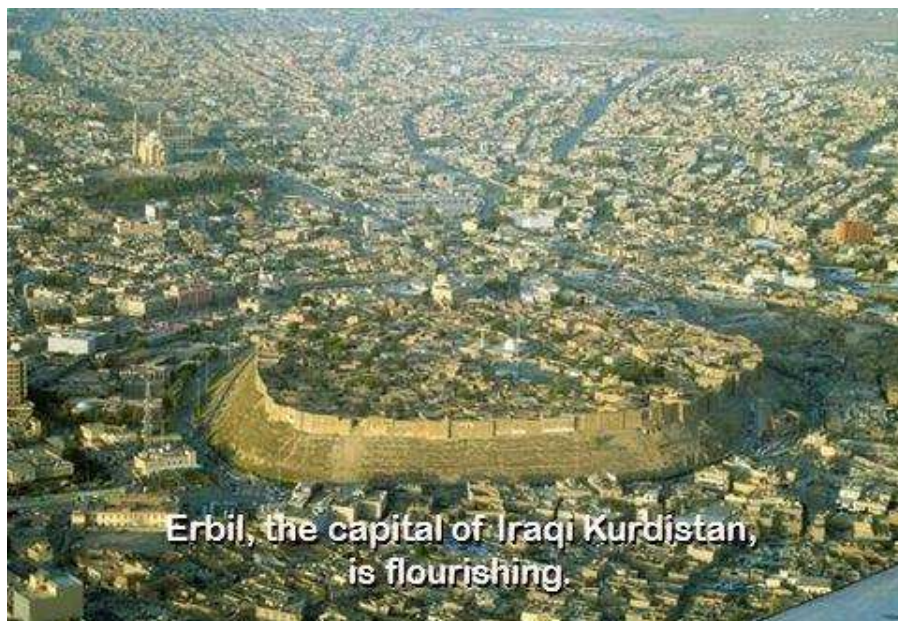

*[Kurdistan = Assyria somewhat.]*

The Kurdish army, the *peshmerga*, has established itself as a competent and disciplined force; the KRG rejected the terrorist methods then notoriously in use by Kurds in Turkey; the economy has boomed; the Kurds' two leading political families, the Talabanis and Barzanis, have learned to coexist; the KRG have engaged in responsible diplomacy; that its leadership has signed international trade accords; ten institutions of higher learning have come into existence; Kurdish culture has blossomed. As Israeli scholar Ofra Bagnio describes it, "autonomous Kurdistan has proved to be the most stable, prosperous, peaceful, and democratic part of Iraq."

Yeshayahu 19 This is a prophecy about Egypt: Look! ADONI is riding a swift cloud, on his way to Egypt. ... The water will ebb from the sea, the river will be drained dry. The rivers will become foul, the canals of Egypt's Nile will dwindle and dry up, the reeds and rushes will wither. The river-plants on the banks of the Nile and everything sown near the Nile will dry up, blow away and be no more. Fishermen too will lament, all who cast hooks in the Nile will mourn, those who spread nets on the water lose heart. The linen-workers will be in despair, along with the weavers of white cotton; the spinners will be crushed, the hired workers dejected...

Joseph Farah [World Net Daily] at Messiah Conf 2014: Nile will dry up longest river in the world.

*[Herodotus: Egypt is the gift of the Nile.]*

Yekhez/Ezek 29.2-5,9-10 Human being, turn your face against Pharaoh king of Egypt; prophesy against him and against all Egypt;... Pharaoh king of Egypt, you big crocodile lying in the streams of the Nile! You say, "My Nile is mine; I made it for myself." But I will put hooks in your jaws and make your Nile fish stick to your scales. Yes, I will bring you up from your Nile, with all your Nile fish sticking to your scales, and leave you in the desert, you and all your Nile fish... The land of Egypt will become a desolate waste, and they will know that I am ADONI; because he said, "The Nile is mine; I made it." So I am against you and your Nile; and I will make the land of Egypt a totally desolate waste from Migdol to S'venah, all the way to the border of Ethiopia.

I will make the land of Egypt a totally desolate waste from Migdol to S'venah, all the way to the border of Ethiopia.

S'venah = Aswan

*[Note reference to Ethiopia]*

*[The potential impacts of the dam have been the source of severe regional controversy. The Government of Egypt, a country which relies heavily on the waters of the Nile, has demanded that Ethiopia cease construction on the dam as a preconditions to negotiations, sought regional support for its position, and some political leaders have discussed methods to sabotage it*

Yekhez/Ezek 29.2-5, 9-10 **with all your Nile fish sticking to your scales, and leave you in the desert, you and all your Nile fish...The land of Egypt will become a desolate waste, and they will know that I am ADONI; because he said, "The Nile is mine; I made it." So I am against you and your Nile; and I will make the land of Egypt a totally desolate waste from Migdol to S'venah, all the way to the border of Ethiopia.**

Yeshayahu 19 **ADONI will make himself known to Egypt; on that day, the Egyptians will know ADONI . They will worship him with sacrifices and offerings, they will make vows to ADONI and keep them...He will listen to their prayers, and he will heal them.**

Yeshayahu 19 **On that day there will be an altar to ADONI in the middle of the land of Egypt, as well as a standing-stone for ADONI at its border. It will be a sign and witness to ADONI -Tzva'ot in the land of Egypt;**

Yeshayahu 19 **On that day there will be a highway from Egypt to Ashur. Ashur will come to Egypt and Egypt to Ashur, and Egypt will worship with Ashur. On that day Isra'el will be a third partner with Egypt and Ashur, a blessing here on earth; for ADONI -Tzva'ot has blessed him: "Blessed be Egypt my people, Ashur the work of my hands and Isra'el my heritage.**

**Life application:**

- Wars seem inchoate and endless. G-d is working history to accomplish His prophetic purposes.
  - Our great task is to worship, intercede, and trust.
