Benjamin Franklin's Famous Quotes

“He that lies down with Dogs,

“He that lies down with Dogs,
shall rise up with fleas.”

- *Poor Richard's Almanack, 1733*

“Better slip with foot

“Better slip with foot
than tongue.”

- *Poor Richard's Almanack, 1734*

“Dost thou love life?”

“Dost thou love life?

Then do not squander Time; for
that’s the Stuff Life is made of.”

- Poor Richard’s Almanack, 1746

In 1906 in the American Historical Review... was publishing for the first time the notes of James McHenry, a Maryland delegate to the Constitutional Convention. He describes Elizabeth Powel, a prominent society figure...known for her wit and knowledge.

Powel: Well, Doctor what have we got—a republic or a monarchy?

Powel: Well, Doctor what have we got—a republic or a monarchy?

Franklin: A republic, if you can keep it.

Powel: Well, Doctor what have we got—a republic or a monarchy?

Franklin: A republic, if you can keep it.

Powel: And why not keep it?

Powel: Well, Doctor what have we got—a republic or a monarchy?

Franklin: A republic, if you can keep it.

Powel: And why not keep it?

Franklin [in another place]: “The executive will be always increasing here, as elsewhere, till it ends in a monarchy.

The colors range from light tan to dark brown, suggesting a dry, rocky environment. A single road winds through the lower part of the image, curving from the bottom left towards the center. The overall scene is one of natural, unyielding terrain.

Hag 2.6-7 For thus says ADONI-Tzva'ot: "In just a little while I will shake the heavens and the earth, the sea and the dry land, and I will shake all the nations. The treasures of all the nations will come, and I will fill this House with glory," says ADONI-Tzva'ot.

MJ 12.26-29 Even then, his voice shook the earth; but now, he has made this promise: “One more time I will shake not only the earth, but heaven too!” And this phrase, “one more time,” makes clear that **the things shaken are removed**, since they are created things,

MJ 12.26-29 so that the things that **cannot be shaken may remain**. Therefore, since we have received an unshakeable Kingdom, let us have grace, through which we may offer service that will please God, with reverence and fear. For indeed, “Our God is a consuming fire!”

Come gather 'round people,
wherever you roam

And admit that the waters around
you have grown

And accept it that soon you'll be
drenched to the bone

If your time to you is worth saving

Then you better start swimmin' or
you'll sink like a stone

For the times, they are a-changin'

Come senators, congressmen,
please heed the call

Don't stand in the doorway, don't
block up the hall

For he that gets hurt will be he who
has stalled

The battle outside ragin'

Will soon shake your windows and
rattle your walls

For the times, they are a-changin'

Come mothers and fathers
throughout the land

And don't criticize what you can't
understand

Your sons and your daughters are
beyond your command

Your old road is rapidly aging

Please get out of the new one if you
can't lend your hand

For the times, they are a-changin'

The left continues to dominate young people at the ballot box—in addition to the media, education, and entertainment.

According to exit polls, 63% of voters ages 18 to 29 voted for the left in the 2022 midterm elections. That means a majority of Gen Z support destructive left-wing policies, such as socialism, open borders, student loan forgiveness, higher taxes, and late-term abortion.

Kentucky voted down a pro-life amendment to its state constitution.

Montana, a proposal was on the ballot that declared an infant born alive during an abortion to be a legal person and thus should be protected. Incredibly, this obvious truth was defeated 52% to 48%

The **Michigan** pro-abortion referendum passed 56% to 44%, allow the sterilization of minor children in the name of “gender-affirming care.”

imagination and play of the
gender fluidity of childhood and
gives kids glamorous, positive,
and unabashedly queer role
model.

“Kids are able to see people who defy rigid gender restrictions and imagine a world where people can present as they wish, where dress up is real.”

This is called grooming!

“New York City shelled out more than \$200,000 in taxpayer funding in the past five years to have drag queens come into classrooms and interact with schoolchildren as young as age 3 since 2018.”

“The bottom line is that after the Dobbs decision was leaked, there was over 22 times more violence directed against pro-life groups than pro-choice organizations,” said the study, performed by the Crime Prevention Research Center (CPRC).

Kanye West Celebrates Hitler, Mocks 'Brutal Killer' Netanyahu. [Ye is an American rapper, songwriter, record producer and fashion designer. He is widely regarded as one of the most influential hip hop artists and producers.]

Hitler “invented highways,
invented the very microphone
that I use as a musician, you can’t
say out loud that this person
never did anything good, and I am
done with that,” West said.

Saying this is the “perfect answer to the ADL,” West took a net on a stick and a bottle of Yoo-hoo chocolate milk (net-on-yoo-hoo). Pretending it was Netanyahu speaking, he said in a high-pitched voice, “I’m the head of the Mossad. I’m going to kill you and take your children away from you. We control the history books, and we control the banks, and we always kill people.”

West wrote that he was ready to “go Death Con 3 on Jewish people,” in an apparent reference to the U.S.’s DEFCON missile alert preparedness system.

There's also been a steady rise in the number of hateful incidents directed at Jewish people in the United States over the past several years. According to the Anti-Defamation League, 2021 was the highest year on record for documented reports of harassment, vandalism and violence directed against Jews.

The watchdog group has tracked these incidents since 1979, and it says 2022 will look a lot like last year.

Yermiyahu 16.14-16 “Therefore, the days are quickly coming,” declares ADONI, “when it will no longer be said. ‘As ADONI lives, who brought up the children of Israel out of the land of Egypt.’ Rather, ‘As ADONI lives, who brought up the children of Israel from the land of the north and from all the lands where He had banished them.’”

Yermiyahu 16.14-16 So I will bring them back into their land that I gave to their fathers. “Behold, I will send for many fishers,” says ADONI, “and they will fish for them. After that, I will send for many hunters, and they will hunt them down from every mountain and from every hill, and out of the clefts of the rocks.

The world's largest sports event – FIFA World Cup 2022 (also known as 'the Mondial') – is taking place this month in Doha, Qatar.

Israelis attending the Qatari World Cup have been running into hostility and hatred from Islamic and Arab football fans. Some Israelis have been thrown out of restaurants when their national identity became known. Israel (a member in good standing of FIFA) has been removed from the FIFA site travel links, and visitors are directed instead to a site entitled 'Occupied Palestinian Territories.'

The Washington Institute for Near East Policy published a July 2022 poll which revealed by national percentages that the majority of the Arab world's public does not have a positive view about the Abraham Accords.

**Positive views of the Abraham Accords
were listed as follows:**

United Arab Emirates – 25%

Bahrain – 20%

Saudi Arabia – 19%

Kuwait – 14%

Egypt – 13%

Jordan – 12%

Surprisingly, Palestinians lined up as follows:

Palestinian Authority – 25%

Gaza – 34%

East Jerusalem – 48%

UN Votes 149-6 to Denuclearize Israel

View of the Israeli nuclear reactor located in the Sorek valley in the Judean hills. (Yaakov Naumi/Flash90)

Only five countries – the U.S., Canada, Liberia, Micronesia and Palau – voted with Israel against the resolution. There were 26 abstentions, including several from the European Union as well as India. Ukraine was notably absent.

**Palau is an island country/
microstate in the western Pacific. The nation has approximately 340 islands.**

While Israel has never threatened a nation with a nuclear attack, nor have they ever even acknowledged that they have nuclear warheads, it is simply assumed that they do. Iran was not mentioned once within the resolution, even though it threatens Israel and the United States with destruction regularly.

Just days after two people were killed in twin bombings of Jerusalem bus stops, a key UN human rights investigator, Francesca Albanese, addressing a Hamas-organized event told her audience, “you have a right to resist Israel.”

In May, Albanese said on Italian national television, “Palestinian violence is inevitable because the right to exist of the Palestinian people has been denied for 55 years — almost three generations.”

Israel has been identified as the fifth safest country in the world for tourists.

According to “The Swiftest,” an American insurance comparison website. The website based its travel safety index by comparing the number of deaths resulting from situations such as homicide, road accidents, natural disasters, poor hygiene and other factors in the 50 most-visited countries.

Singapore was ranked the world's safest country for tourists, followed by Denmark, the Netherlands, Switzerland and Israel.

That was higher than the United Kingdom, Italy, Spain and Australia, which also made the top 20.

The Swiftest's list of deadliest countries for tourists was topped by South Africa. Other countries making this list included Mexico, Brazil, China, Iran, and the United States which came in 20th place.

RIYADH HAS SOME CONDITIONS FOR NORMALISATION

Interestingly, there were only three conditions:

- 1. A reaffirmation of the American-Saudi Arabia Alliance**
- 2. A restart of American weapons sales to Saudi Arabia comparable to other NATO members**
- 3. Permission to have a civilian nuclear program**

Notice what issue is not one of the conditions. That's right the "Palestinians."

Israel has certainly moved into a new league when the Sunni Arab states have realized that the "Palestinian" issue is no issue at all.
